

# fuse ibiza

This summer Fuse Ibiza has opened a new 340m2 film & photo studio in Ibiza's San Antonio Bay.

We've converted an old disused bowling alley, laid a 6m x 7m cyclorama with a 4m ceiling, and prepared an extra wall for coloramas & green screen.

It has a curtained off stylist area plus plenty of extra catering and client space.

It's located on the coastline 3km's around the San Antonio Bay, the next street after Kumharas sunset bar... *google maps: Fuse Studio Ibiza*

Please contact Andy for all studio details, rates & lighting equipment rental...
